# About
# Qustodio
# Parental App

**The Qustodio App gives parents the tools to help their child develop healthy and safe digital habits.**

Introducing your school's parent community to the Qustodio app gives parents the insights needed to play a more active role in their child's digital wellbeing. It also helps prevent online issues at home spilling over into the classroom.

# How it works

**The Qustodio Parental Control App works in three simple steps:**

1. Parents/carers first create a free account. (They have the choice to upgrade to Premium there and then if they wish.)

2. The next step is to install the Qustodio App onto their child's devices. Devices include everything, from smartphones and tablets, to computers and Kindles.

3. Parents then download the App onto their own devices to view their dashboard, or they can log in to their account on their computer. From there, they can see their child's real-time online activity, and set preferences to receive reports and alerts by email.

Settings can be customised exactly the way they need to make the Qustodio App work for them and their family.

# Parental App
## features & benefits

___

## Helps parents create a safer space for learning, exploring and socialising:

✓ **Trusted by over 6 million parents around the world**
Gives parents the tools to help their child develop healthy and safe digital habits.

✓ **Blocks inappropriate apps, games and websites**
Parents can allow their child to view child-friendly sites and automatically block potentially harmful ones to prevent exposure to mature content, gambling, violence and other threats.

✓ **Monitors behaviours**
Parents can log in to the real-time dashboard from any device at any time to check their child's digital activity and adjust their settings. They can easily view their activity timeline, browsing history, YouTube views, screen time and more.

✓ **Get reports, alerts and SOS**
Parents receive detailed daily, weekly and monthly reports of their child's online activity straight to their inbox. Real-time alerts mean they'll know as soon as they try to access blocked websites or are in trouble.

*dedicated to keeping children safe online*

# Qustodio Parental App
## features & benefits

*harnessing the power of connection*

## Parents can protect their child's emotional and physical wellbeing:
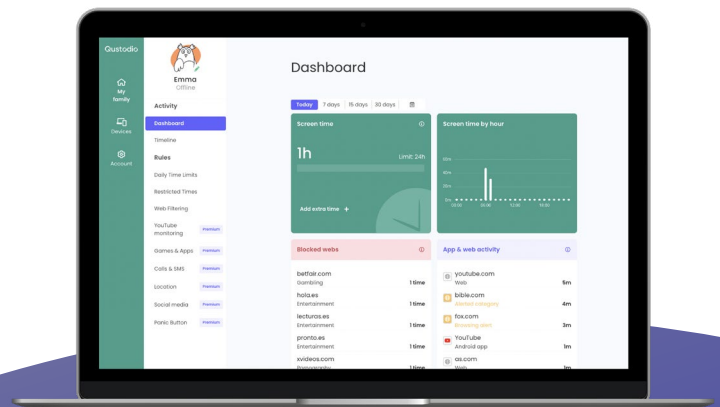

✓ **Set time limits**
Parents can help their child avoid screen addiction, ensure better sleep routines, and preserve family time by setting consistent time limits and screen-free periods.

✓ **Catch predators & cyberbullies the moment they strike**
Parents can detect suspicious contacts by seeing who their child exchanges calls and messages with. They can read the texts they send and receive, plus set a list of blocked phone numbers.

✓ **Locate their child's whereabouts**
The child's whereabouts is visible on a map allowing parents to see where they are or have been. They can save most visited places like school and home and get peace of mind by receiving notifications when they arrive or leave those locations.

### Helps parents take a proactive role in their child's digital wellbeing

Multiple devices can be seen from a single dashboard. Helps prevent online issues at home from spilling over into the classroom.

# Qustodio Parental App's role in our Digital Safety and Wellbeing Framework

## About our Framework

Our Digital Safety and Wellbeing Framework enables school leaders to explore our solutions as they apply to the three most common pillars found in health and safety planning:

1. Prevention 2. Early detection 3. Education.

Schools can use this, supported by our Linewize team, to identify their priorities and plan the steps needed to achieve a more efficient and robust provision of care.

Our Framework is also a useful way for school leaders to keep abreast of the types of solutions available to them in the market.

It also helps them to better understand the role each of them plays and how they combine to build a digital wellbeing culture across the whole community.

*none of us is as powerful as all of us*

## The role of Qustodio Parental Control App

Our Qustodio Parental Control App sits in the Education and Engagement part of our Framework.

By encouraging parents to adopt the Qustodio App, schools empower them to play a more active role in their child's digital wellbeing, ensuring protection continues beyond the school gate.

Parents can see and address online issues happening at home, there and then, and so reduce spillover and disruption in the classroom, the next day.

When parents and schools join together to educate and encourage children towards safe and self-directed digital behaviours, the benefits on children's wellbeing are substantially amplified.

# Qustodio Parental App
## Impact

**6 million parents**
already trust Qustodio with their child's digital safety.

**Over 3 billion**
threats have been detected since the Qustodio Parental App launched in 2012.

**180 countries**
have safer children and parents have greater visibility as a result of Qusotdio.

"Qustodio gives me the peace of mind that I have been looking for to ensure my kids are safe online."

Alison, Mum of two.

"With Qustodio, I don't have to struggle to balance my daughter's online independence with her safety."

Courtney, Mum of three.

"We're a highly digital family but we really value screen-free time, Qustodio helps us get that balance."

Theresa, Mum of one.

**24 million**
children are supported and protected by our technologies every day.

**29,000**
schools globally provide better digital safety and wellbeing support because of our solutions.

**3 minutes**
A child at potential serious risk is found every 3 minutes because of our solutions.
